

## **Area D Marching Contest 10/21/23**

### **Class 6A - Stadium Information**

**LOCATION** – Kelly Reeves Athletic Complex is located at:

10211 West Parmer Lane  
Austin, TX 78717

**Map:** [Kelly Reeves Athletic Complex](#)

**PARKING** – All vehicles will enter the stadium at the main entrance on Parmer Lane. Spectators will be directed to the south parking lot. Buses and equipment trucks will be directed to the north lot.

A parking crew will assist your bus drivers. Information will be needed from the 1<sup>st</sup> bus or equipment truck entering the parking area. Please be prepared to provide the following information to the parking crew:

- School Name
- Number of buses
- Number of equipment trucks and their sizes (Semi, Panel truck, truck w/trailer, etc.)
- Will your band depart the stadium after their preliminary performance and return for the finals announcement?

We anticipate a large number of bands participating in the Area D Contest and the parking areas will be full.

Equipment trucks will not be parked in the same area as the buses transporting students. (Please reference the stadium map included in your director's packet.). Allow sufficient time to retrieve any equipment that will be needed for warm-up.

If you depart the stadium between the preliminary performance and the finals announcement, you will not be parked in the same location upon your return. Parking spaces will be reused. You must stop to get assistance from the parking crew upon your return.

Every effort will be made to accommodate all of the buses and trucks in the parking lot at Kelly Reeves Athletic Complex, but some buses may need to be sent to offsite parking after unloading. Please consider how your students' belongings could be consolidated onto a small number of buses that would remain at the stadium.

**DIRECTOR CHECK-IN** - will be located on the north side of the stadium where the buses enter the parking lot. Please report there immediately upon arrival. You will be assigned a Band Monitor who will accompany your band (they will board your bus #1) throughout warm-up and performance.

**POST-PERFORMANCE** – Your Band Monitor will guide your band to the water station and escort your band back to your buses. Students and their chaperones

may re-enter the stadium to sit in the visitor stands to watch the other bands perform. Please enter through the Post Performance Student Entry gate marked on the map. A wristband must be purchased to sit on the home side of the stadium.

**FINALS ANNOUNCEMENT** - When the results from preliminaries have been announced, please allow the bands selected to perform in finals to exit the stands first.

**FIRST AID** - A first aid station is located outside the stadium next to the water station at the south end close to the band exit gate. Your Band Monitor or any Round Rock Band Booster volunteer will be able to direct you to the first aid station if needed. We will have volunteer nurses and medical professionals there to assist you.

**SPECTATOR INFORMATION** - Additional information for spectators will be available at: <https://www.uilmusicregion18.com/area-dates-sites-and-schedules.html> **Admission: \$10**, 5 and under Free. Online advance purchase only. QR code available at the gate for online purchase the day of the event.

- Lunch/Dinner menu will be available at Concessions. Cash and Credit Cards and Apple Pay will be accepted.
- Maps will be available on the website.
- Spectator parking will be in the south parking lot. We expect the parking area to reach capacity. **Please encourage your parents to carpool** to help with the limited parking situation.
- We will have overflow spectator parking available at Pearson Ranch Middle School with a shuttle available from 2pm-12am. [Pearson Ranch Map](#) Spectators will need to allow at least one hour of extra time if parking at this location and catching the shuttle.
- Due to limited space and safety, grills will not be allowed in the parking area.

**PRIOR TO AREA CONTEST** – In order for our hosts to better assist you, **please complete the following google form ASAP:**
